Hi Matt and Missy,

FYI that the Bureau of Reclamation was going to send a letter to us requesting the status of the EPA's progress on the NPDES permits per the Settlement Agreement with Riverkeeper. Ken and Don had sent me request letters for 2018, but I think there's an annual request that needs to be sent. Just FYI above in case you are also going to send request letters.

Hi Carri,

I'm glad we were able to connect. Attached above are examples of the request letters for progress on the NPDES permits for WA dams from the US Army Corps in 2018. The Grand Coulee permit number is WA0026867. Feel free to let me know if you have other questions. Have a great weekend.
